Stock Range

Exciting range of quality brandable products ready to be personalised with your name, logo and message. This booklet shows a small selection of what is available.

Made to Order

Looking for something unique or customised to your specifications? We can design and source, or manufacture, so you get a product you are after. Minimum quantities may apply.

Tiered Pricing

Pricing reflects order size or repeat business (by prior agreement). Some products have a surcharge if your order is less than the minimum quantity.

Branding

Embroidery, screen printing, digital prints, engraving - we do it all from artwork creation to monogramming.

Whether it is a one off or a bulk order we can advise on the best technique.

Artwork

Our graphic designers can help with logo and artwork creation.

Artwork needs to be in editable vector format (.ai, .eps, or .cdr) for printing and digital transfers or a high quality .jpg or .pdf for embroidery.

Service

Whatever level of support you want, we're here to guide you to a successful conclusion.

Prices and products are subject to change and will be confirmed at time of order.

Select the best.
